

# TECH SAVVY SENIORS PARTICIPATING NSW COMMUNITY COLLEGES 2015

IT'S HOW  
WE CONNECT

The program will assist seniors aged from sixty years who have had limited or no previous experience in using technology to learn new skills for the future. The training is low-cost and will help older people to access information and stay connected with their family, friends and communities. Contact one of these Colleges for further information on training dates and locations.
