

A blurred background image of a desk setup. It includes a laptop keyboard, a smartphone, a black pen, and a spiral-bound notebook.

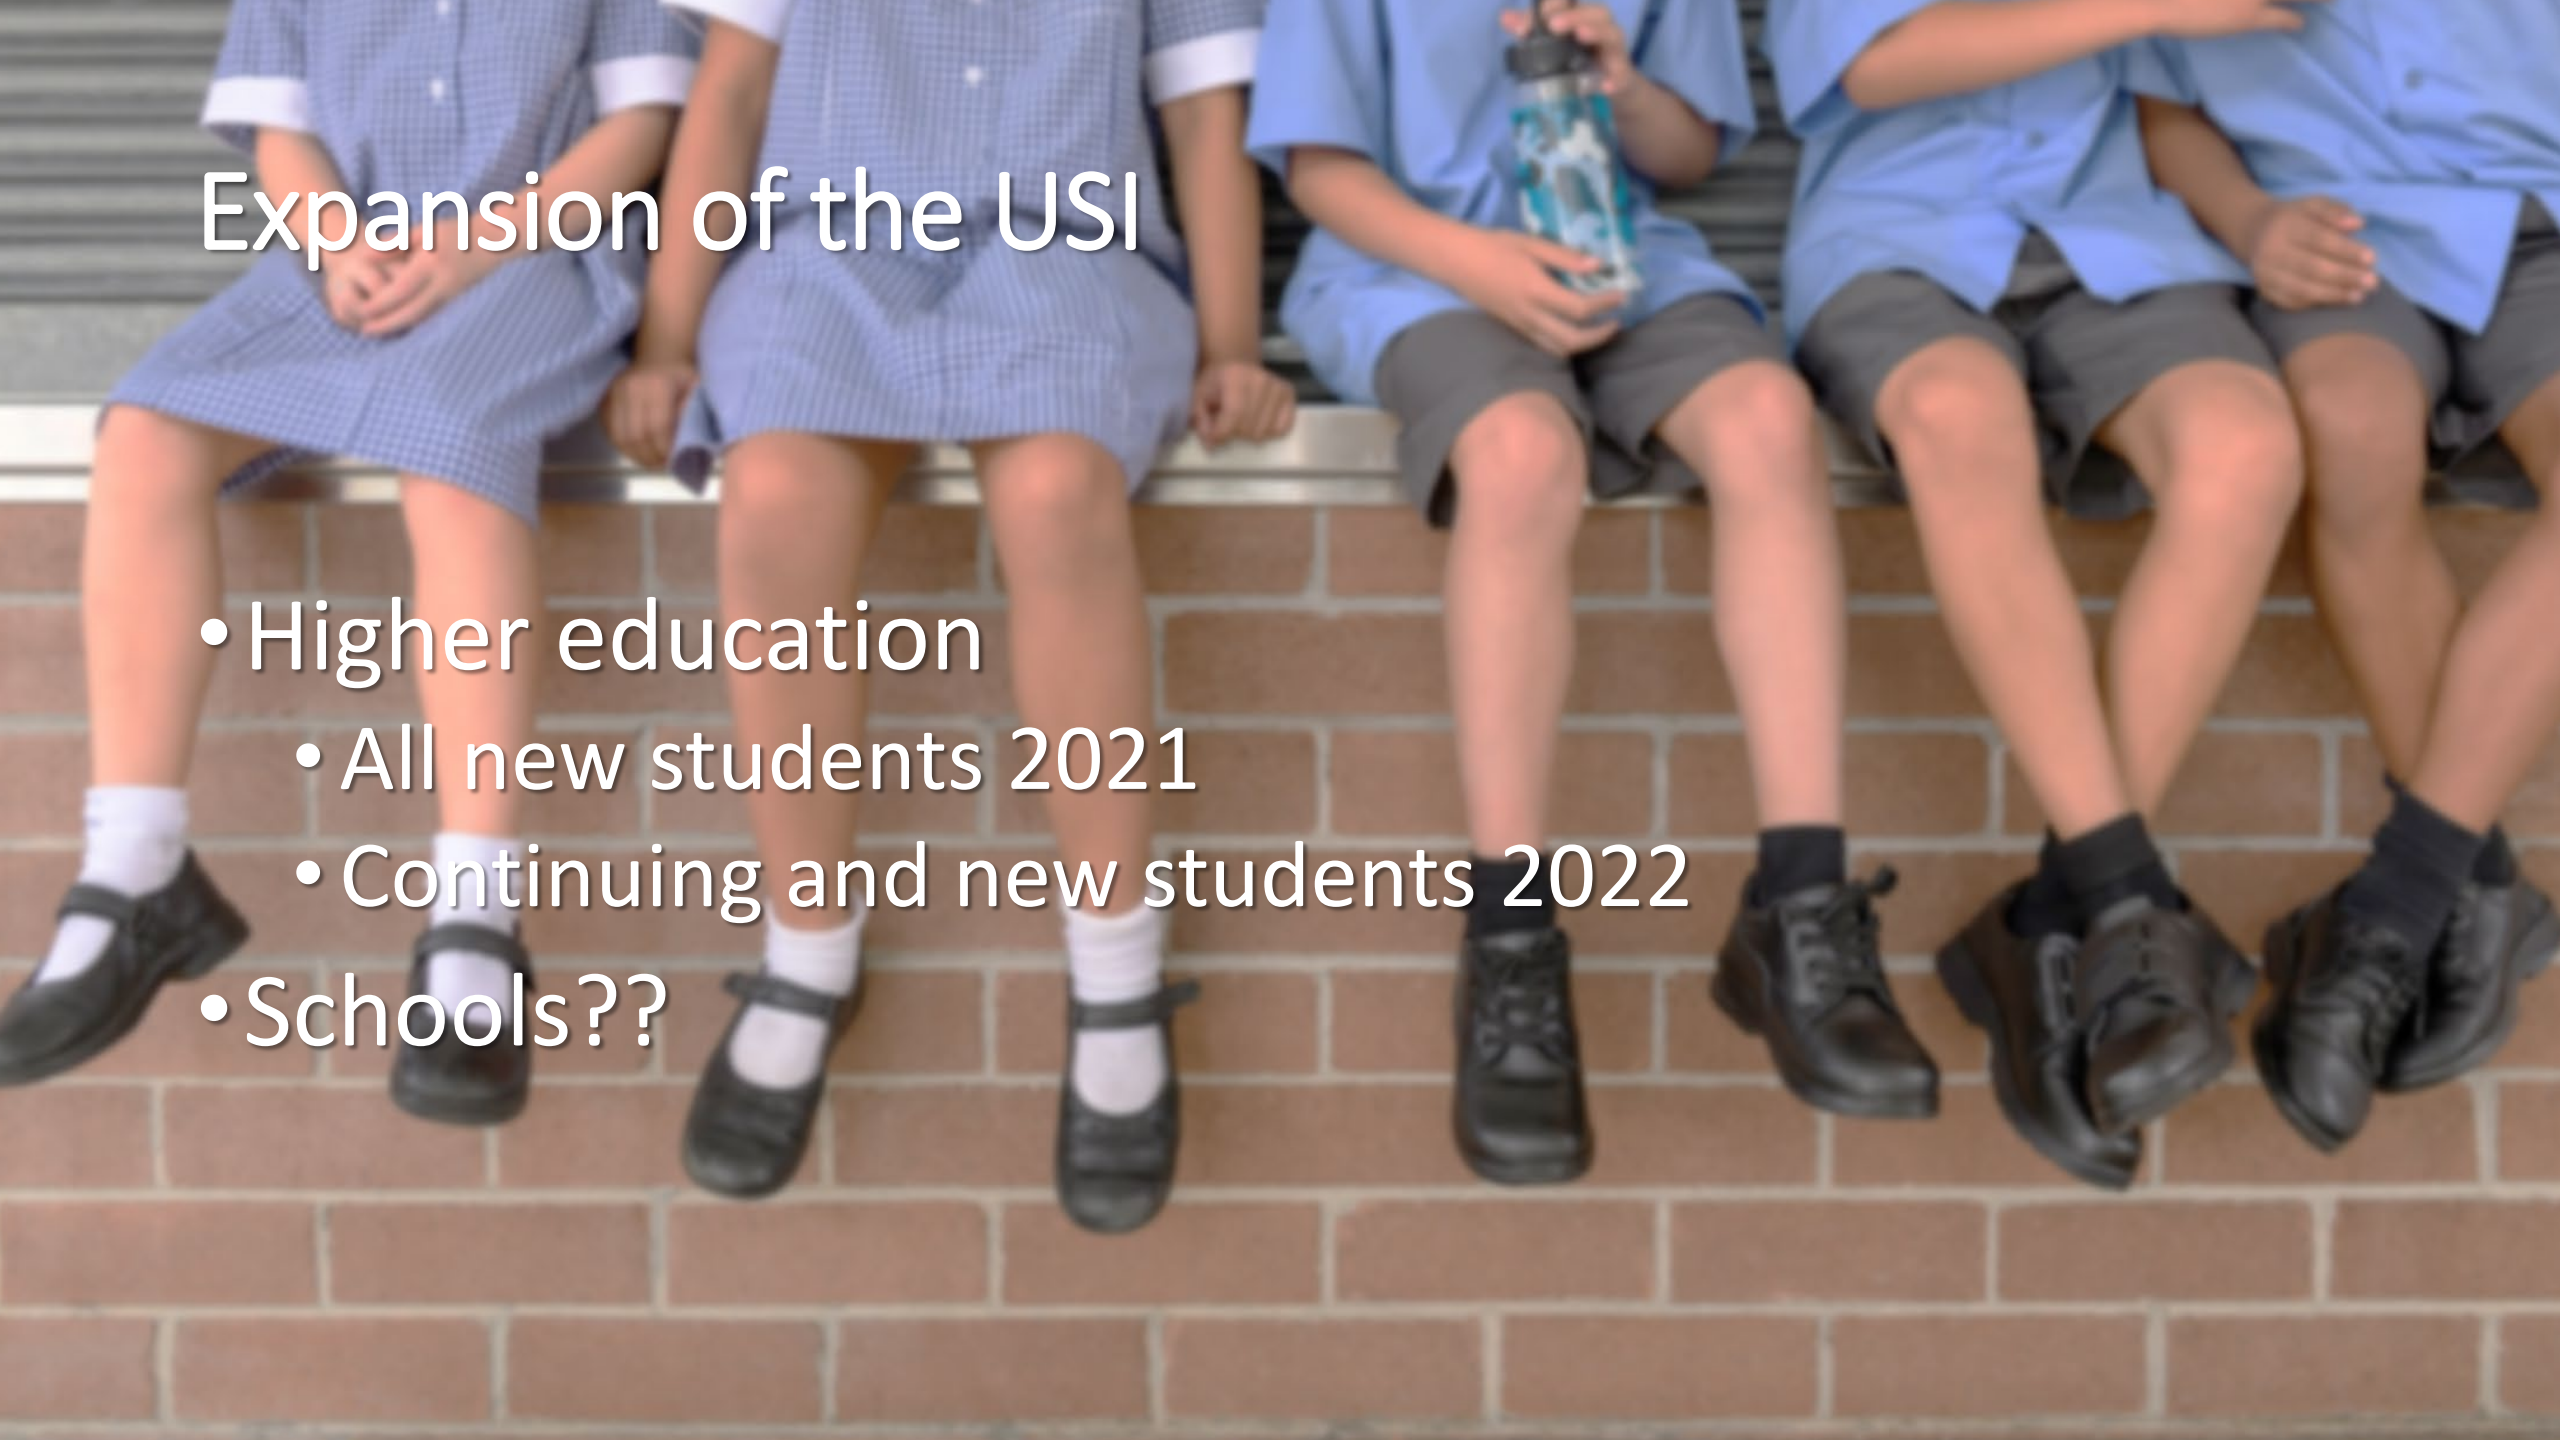

# Coming soon

## Third party access to VET authenticated transcripts

- Students permit easy online access for third parties eg. prospective employers, to verify students qualifications
- Allows students to collate their training history and provide online access to it
- Transcripts collate training outcomes from different training organisations, across different states and territories and different years in a single record.

# Expansion of the USI

- Higher education
  - All new students 2021
  - Continuing and new students 2022
- Schools??
