ABOUT

BOUNCE AUSTRALIA

At Bounce Australia, we coach, train & mentor. We are one of Australia's leaders in soft skills training and since 2006 we have been delivering our life-changing programs throughout Australia, the USA and New Zealand.

Bounce programs give the foundational skills that every job seeker needs before they can get out there and really start living their dream. Not only do our programs give motivation and clarity; they also help people discover, plan and work towards goals for their future, while breaking through the personal and emotional barriers that are holding them back. Our soft skills programs teach positive self-awareness, effective communication techniques and build emotional intelligence so that participants can move into employment or further training with confidence.

THE ACE AND BOUNCE PARTNERSHIP

ACE is a community college redefining careers, changing outlooks and empowering positive futures. Bounce Australia focuses on building the skills, careers, confidence and lives of those wanting to make a fresh start and providing a clear path for those who need it most. We share a common goal – it's your success we care about.
