Trialled, Tested & Ready

Our course content has been developed from our Certificate II in Employability (Becoming a Worker). The Becoming a Worker Program gained high praise from Participants, Parents/Advocates, Teachers, and Employers alike. Such was the demand for the Program that Essential took the decision to develop an online version and make it easily available to all job seekers nationwide.

"The Becoming a Worker course is fun and engaging. I like all the different types of activities that I can do."
